

To Whom It May Concern;

We're excited to invite you to be part of an unforgettable, community-wide event that brings teens and local businesses together for fun, connection, and creativity!

Be Awesome is hosting a Pokémon-themed Photo Scavenger Hunt this October across the city of Maricopa. Teams of teens will explore local landmarks, businesses, and parks while completing fun and interactive challenges—all designed to encourage prosocial behavior, physical activity, and community attachment.

We're reaching out to ask you to be one of our official event partners!

Ways to Get Involved:

- 1) Be a Check-In Stop: Let participants take a photo, scan a code, or solve a riddle at your location for points and visibility.
- 2) Host a Themed Challenge: Let us set up a fun Pokémon-inspired task at your business (examples include trivia, mini-games, or movement-based activities like "fireman carries" or "trainer pushups").
- 3) Support Youth Engagement: Provide small giveaways, prizes, or sponsor a "Gym Badge" to support Be Awesome's mission of building confident, connected, and successful youth.

Gain exposure through:

- Social media shout-outs and Instagram check-ins
- Placement on our scavenger hunt map
- Recognition on our event page and in promotional materials

Whether you're a restaurant, gym, boutique, clinic, or community program, we'll tailor participation to your space and schedule. It can be as simple or as interactive as you'd like.

We'd love to follow up with you to discuss ideas, answer questions, and confirm your interest. Please let us know by September 1st so we can include you in the first round of promotional planning.

Thank you for helping us create a fun and meaningful experience for Maricopa's youth—together, we can develop confident, connected, and successful youth.

With gratitude,

Priscilla Behnke

Executive Director, Co Founder
