## Never Pay the First Bill: And Other Ways to Fight the Health Care System & Win

The healthcare system in America is a confusing process to navigate. This session will help you better understand how the system works. You will walk away with key strategies that will help you get the most out of your healthcare dollars. We will also discuss strategies and resources that will help you negotiate effectively with the health care providers if you feel you are being charged too much for the care you received. This session is a short course on the strategies described in the best-selling book by Marshall Allen “Never Pay the First Bill: And Other Ways to Fight the Health Care System and Win.”
